

## European summer camp 2022

The European Ski and Snowboard School boasts over ten years of experience in the Les Deux Alpes area. The school is now offering summer camps for children from 9 years old, to spend a week with our instructors doing sport and having fun in a wonderful French Alpine setting.

## Mornings

Every morning, ski lessons are planned to improve technique and to discover disciplines such as giant slalom, carving, freestyle and freeride.

The Les Deux Alpes glacier is a perfect summer location with the biggest summer snow park in Europe. It is ideal for all levels, whether you are an "expert" skier or a "beginner".

The groups will be organised on the first day according to the technical level of each participant. Groups will have a maximum of four skiers, so they will benefit from use of the priority lane at the lifts (without priority, the queue at the "Jandri Express" to reach the glacier can last up to an hour at this time of the year!).

The junior athletes will be accompanied throughout the whole week by the same instructor.

On the last day of the week we have a giant slalom and a freestyle competition.

	MON	TUE	WED	THU	FRI	SAT
Levels 2/3	Group organisation Technique	Technique	Technique	Giant slalom	Basic freestyle	Fun day
Levels 4/5/6	Group organisation Technique	Giant slalom	Freestyle	Giant slalom	Freestyle	Fun day

Example of weekly planning divided by day and level. The program can vary according to weather and snow conditions.

## Afternoons

Les Deux Alpes offers a great number of afternoon activities, some of which are more adrenaline-filled and some more relaxing. In the afternoons many fun activities are planned such as rafting and paintball, and one afternoon will be spent at the Adventure Park.

Acrobatics, motor coordination activities, trampolines and slackline are also scheduled. Other activities will be planned according to weather conditions and children's requests. None of these sports require any particular physical preparation.

During the activities, the children will always be accompanied by expert instructors.

### LIST OF ACTIVITIES

- Rafting
- Paintball
- Adventure park
- Skateboarding
- Slackline
- Trampolines
- Canoe/Paddling
- Diving
- Sledding
- Beach volley
- Beach soccer
- Golf/mini golf
- Swimming
- Climbing
- Trekking
- and much more!

## Our Chalets

Our Chalets- hotel are in the centre of the town, a very short walk from the main street. They offer easy access to the whole resort on foot and are just five minutes' walk from the main lift, the "Jandri"! There is a big garden and a recreation area with table tennis, trampolines and slackline: ideal to have fun or relax at the end of the day.

# Safety

Safety is one of our ski school's most important priorities. Our camp offers complete supervision of the children during all our activities, morning and afternoon. At night the children will stay in the same chalet as their instructor. Injury insurance for the whole week is included in the price.

We prefer to have a brief phone interview with the children's parents before enrolling.

# Price and Contacts

## The Camp includes:

- ✓ 7 nights full board service in our chalet
- ✓ 6 mornings skiing on the glacier
- ✓ 6 afternoons of activities
- ✓ 6 days injury insurance
- ✓ 24-hour supervision
- ✓ Video feedback
- ✓ 6-day ski pass with insurance
- ✓ Ski hire and use of ski locker on the mountain
- ✓ All the videos of the week

PRICE : 1299 €
